

Regulation of the Dean

May 15, 2023

Concerning the repetition of the first year of first-degree studies

Following the Statute of PJAiT §23, it is determined that:

§1

In the event of failing the first year of first-degree studies, there is a one-time possibility to repeat this year according to the annex.

The financial rules for calculating the annex are set by the Vice-Rector for Student Affairs.

§ 2

Failure to progress to the second year of the first-degree studies for a second time necessitates signing a new contract and repeating the entire first year of studies, along with the full payment of tuition, regardless of the number of subjects completed in the past.

§ 2

The regulation comes into force on September 1, 2023.

Dean of the Faculty of Information Management
