

Order of the Chancellor
of the Polish-Japanese Academy of Information Technology
dated 17th April 2024

on the Regulations on fees for the Bachelor's degree and Master's degree studies at the Polish-Japanese Academy of Information Technology.

Pursuant to § 20 section 2(2) of the Statute of the Polish-Japanese Academy of Information Technology, in conjunction with Article 80 section 2 of the Act of 20 July 2018 – Law on higher education and science, and having consulted the Student Government, I hereby order as follows:

§ 1

The Regulations on fees for studies at the Polish-Japanese Academy of Information Technology, hereinafter referred to as the Fee Regulations (attached to this Order) are introduced.

§ 2

1. Matters that are not regulated in the Fee Regulations shall be governed by generally applicable laws, including the provisions of the Act of 20 July 2018 – Law on higher education and science and the Ordinance of the Minister of Science and Higher Education of 27 September 2018 on studies.
2. In the event of discrepancies between the content of the Order and generally applicable laws, the latter shall apply.

§ 3

Students who commenced their programmes in the academic year 2023/2024 or in previous years shall pay fees according to the existing rules, subject to § 4 of this Order.

§ 4

In the case of resumption of studies, change of a course or mode of studies (including change of the language of instruction from English to Polish or vice versa), a new contract shall be signed, specifying the new, updated tuition fee rates, which may differ from those stipulated in the original contract.

§ 5

The Fee Regulations shall enter into force on the date of their adoption, with effect for entrants commencing their studies in the academic year 2024/2025.

KANZLERZ
mgr Maciej Paschke

REGULATIONS ON FEES FOR THE BACHELOR'S DEGREE AND MASTER'S DEGREE STUDIES

Chapter I GENERAL PROVISIONS

§ 1

1. Studies at the Polish-Japanese Academy of Information Technology, hereinafter referred to as PJAiT or the Academy, are subject to fees.
2. These Regulations lay down the types of fees and the rules for their payment by Students and Candidates.
3. The amount of fees, the payment schedule and the list of additional fees shall be determined for each recruitment by the Chancellor in the table of tuition fees for students commencing their programmes in a given year and the amount of additional fees, which is attached as Appendix No 1 to these Regulations (hereinafter referred to as: "Table of Fees").
4. All fees shall be paid by transfer, to the Student's individual account generated during online registration, by the date specified in the contract concluded by the Student with the University (hereinafter referred to as: Contract). The date of payment shall be the date of crediting the Student's individual account.
5. The amount of fees (including tuition fees in the amount determined for a specific programme), the payment schedule and the list of additional fees are confirmed in the Contract and shall remain in force until the study programme is completed, subject to § 3 section 1.

Chapter II TUITION FEES

§ 2

1. Whenever tuition fees are referred to in these Regulations, they shall be understood as fees for the educational services rendered in the course of full-time and part-time studies.
2. The detailed rules and schedule of payment of tuition fees are confirmed in the Contract.

3. Tuition fees do not include fees for textbooks and other study materials or the cost of duplication of materials. Tuition fees also do not include the cost of supplementary tuition resulting from extra-curricular reasons (illness, negligence, poor examination results, lack of aptitude, etc.).
4. Tuition fees include a fee for the Student's personal accident insurance and third-party liability insurance. Tuition fees do not cover the costs of other insurance or the costs of cultural and sports activities, even if the activities are organised by PJAiT or on PJAiT's premises.
5. Decisions on individual cases of tuition fee reduction, in situations not provided for in the Regulations, shall be made by the Rector.

Chapter III

RESUMPTION OF STUDIES, COURSE RE-TAKES, REPETITION OF A SEMESTER, CHANGE OF A MODE (INCLUDING LANGUAGE OF INSTRUCTION OR FIELD OF STUDY), LEAVE OF ABSENCE, SUBSEQUENT SPECIALISATION, CURRICULUM DIFFERENCES, OPTIONAL SUBJECTS

§ 3

1. In the case of resumption of studies, repetition of a year, change of a course or mode of studies (including change of the language of instruction from English to Polish or vice versa), a new Contract shall be signed, specifying the new, updated tuition fee rates, which may differ from those stipulated in the original Contract.
2. A Student may apply for resumption of studies only after settling his/her accounts with the Academy. The Student shall be entitled to preferential tuition fees relating to the semester payment, provided that the deadline specified in the Contract is met.
3. If a Student is granted leave of absence from classes, the Student shall pay tuition fees in proportion to the period of study expended.
4. A Student taking on a subsequent specialisation, making up for curriculum differences, changing the mode of studies (including changing the language of instruction from English to Polish or vice versa), changing the field of study, pursuing optional subjects or re-taking a course shall pay the applicable tuition fees and an additional fee indicated in the Table of Fees.
5. If a Student is required to repeat a semester or returns from leave during a semester, he/she shall make full payment for the entire semester.
6. Students shall pay fees for re-taking a course (repeating classes) due to unsatisfactory academic performance.
7. A decision on the need to pay a fee for re-taken courses shall be made by the Dean of the respective faculty.
8. Fees for re-taken courses shall be paid by the 5th day of the month, in accordance with the tuition fee payment deadlines..

Chapter IV
PRINCIPLES FOR DISCOUNT CALCULATION

§ 4

1. The Rector shall grant tuition fee discounts for academic performance.
2. The discount shall be granted:
 - 1) after each completed semester, to students who have achieved a semester average grade of 5.0 and have passed all the courses required by the programme (practical exercises and lectures);
 - 2) for a period of one semester and consists in reducing the tuition fees by 20%,
 - 3) automatically, on the basis of academic performance (no application by the Student is required).
3. The Student shall be notified by e-mail that a discount has been granted.
4. Tuition fee discount for siblings or spouses studying at PJAIT:
 - 1) may be granted to siblings or spouses studying at the same time, on the basis of an application submitted by any of them;
 - 2) the amount of the discount is 25% for each eligible person;
 - 3) the discount may be granted on condition that each eligible person pays tuition fees;
 - 4) changing the mode of studies to "individual study programme" only by one of the eligible persons, taking health/Dean's leave or losing the status of a student disqualifies that person, as well as the other eligible persons, from the discount;
 - 5) the discount is granted for a period of one semester. After its lapse, the application must be re-submitted for the discount to remain effective;
 - 6) the discount does not apply to the situation where one or more of the eligible persons is studying in a postgraduate programme.
5. Discount for studying in more than one programme at a time:
 - 1) applies to students who take up a second programme while already studying at PJAIT
 - 2) requires an application for a discount;
 - 3) the amount of the discount is set at 50% of the lower of the tuition fees;
 - 4) the discount is granted for a period of one semester. After its lapse, the application must be re-submitted for the discount to remain effective;
 - 5) does not apply to postgraduate programmes.
6. PJAIT shall cover up to 50% of the cost of stay of a New Media Art Student at a compulsory plein-air workshop. The remaining costs, including the cost of travel to the location of the plein-air activities, shall be borne by the student on his/her own.
7. The Student shall be entitled to 2% discount for advance payment of tuition fees for the entire semester.
8. Irrespective the discount set forth in section 7 of this Article, only a Student who begins his/her BA programme from the first semester may be entitled to discounts payable in the amount and in accordance with the rules set forth in Appendix No 4.
9. Graduates of the Academic High School at PJAIT may be granted additional discounts, which are specified in Appendix No 3 to the Regulations.

10. The principles for calculating discounts for the individual fields of study are set forth in Appendix No 2 to the Regulations.

Chapter V

TUITION FEE INDEXATION

§ 5

1. The amount of tuition fees consists of a fixed amount for a given year of studies, expressed in Polish zlotys, which, from the second year of studies, shall be increased (in the case of inflation) or decreased (in the case of deflation) by the Consumer Price Index for the previous year, as announced by the President of Statistics Poland (GUS). Details of the variable part of tuition payments are set out in sections 3 – 7 of this Article.
2. Payments shall be made to the Student's individual account generated during registration in the University's on-line system.
3. In connection with a change in the amount of tuition fees referred to in section 1 of this Article, the Student has the right to withdraw from the Contract, within 14 days from the date of publication of information about the amount of the variable part of tuition payments in PJAiT's Public Information Bulletin (BIP). In order to be effective, the withdrawal must be made in writing.
4. A change in the amount of tuition fees referred to in section 1 of this Article does not require a written form. The University shall notify students of a change (if any) in tuition fees by publishing the order on fee adjustments on PJAiT's BIP page by 30 June.
5. The withdrawal referred to in section 3 of this Article shall be effective *ex nunc*, i.e. from the date of withdrawal.
6. With regard to indexation in subsequent years, the indexation shall apply to tuition fees and other fees in effect in the previous academic year, i.e. tuition fees and other fees that were indexed one year earlier.
7. The new indexed fees (including tuition fees) shall be effective as of the new academic year following the semester in which the indexed fees were announced, which means that all fees due on or after September 5 of the year in which the indexation clause was announced, as well as the fees related to the new academic year, shall be indexed.

Appendix No 3 to the Regulations on study fees – Discount for graduates of the Academic High School at PJAiT

Graduates of the Academic High School at PJAiT, who are starting their first programme at the Polish-Japanese Academy of Information Technology shall be granted a one-off tuition fee discount in the amount of PLN 1000.

The discount is only available for Bachelor's degree studies and is calculated on the first instalment of tuition fees.

Appendix No 4 to the Regulations on study fees – tuition fee discounts for students starting their Bachelor's degree programme, granted on the basis of the results on the secondary school leaving certificate in the academic year 2024/2025

1. The discounts are only available to students who are starting their first programme at PJAiT, from the 1st semester of the Bachelor's degree studies
2. The discount is granted for the first semester only.
3. The level of discounts is uniform for the entire University - the headquarters in Warsaw and the branch office in Gdansk.
4. The discounts are granted only on the basis of the Polish secondary school leaving certificate or the International Baccalaureate Diploma (IB).

FACULTY OF COMPUTER SCIENCE

Bachelor's degree studies: full-time, part-time

10% reduction in tuition fees

Winners of mathematics, computer science and physics Olympiads

5% reduction in tuition fees

Polish secondary school final exam (matura)

secondary school final exam - advanced level score of 90% and more

old secondary school final exam: a "very good" grade (5)

obtained in the written part of the MATHEMATICS or COMPUTER SCIENCE or PHYSICS exam

5% reduction in tuition fees

IB

High Level: grade 7

obtained in a MATHEMATICS OR COMPUTER SCIENCE or PHYSICS EXAM

FACULTY OF NEW MEDIA ART

INTERIOR DESIGN, GRAPHIC DESIGN

Bachelor's degree studies: full-time, part-time

10% reduction in tuition fees

Winners of an Arts Olympiad

5% reduction in tuition fees

Polish secondary school final exam (matura)

secondary school final exam - advanced level score of 90% and more

old secondary school exam passed with a "very good" grade (5)

obtained in the written part of the HISTORY OF ARTS exam

5% reduction in tuition fees
