Rector

Order of the Rector of PJAiT
of September 25, 2024

Pursuant to Art. 108 section 2.2 of the Act of July 20, 2018 - Law on Higher Education and Science, I order the following:

1. Failure to obtain the required number of credits and exams by the specified deadline is considered as a lack of progress in learning. The deadline in question is specified in a separate document "Organization of the academic year". The acceptable number of failures to achieve the required number of credits and examinations is determined in each case by the dean of the faculty concerned.
2. In the event of a prolonged duration of studies due to lack of promotion to the next semester or a break in studies, the dean has the right to:
 - a) recognise previously completed subjects by transferring the grades to the current curriculum; grades are not subject to transfer if more than 5 years have passed since they were obtained,
 - b) direct the student to repeat subjects completed more than 5 years before or to complete specific courses in order to make up for curriculum or syllabus differences.
3. In particularly justified cases, the dean has the right to accept the student's grades even though more than 5 years have passed since they were obtained.

The order enters into force on October 1, 2024.
