

Order of the Chancellor  
of the Polish-Japanese Academy of Information Technology  
dated April 1, 2026,  
regarding the Regulations on Tuition Fees for First- and Second-cycle Studies at the Polish-  
Japanese Academy of Information Technology.

Based on § 20, section 2, point 2 of the Statute of the Polish-Japanese Academy of Information Technology, in conjunction with Article 80, section 2 of the Act of July 20, 2018 – Law on Higher Education and Science, and after consulting the Student Government, I hereby order the following:

§ 1

The Regulations on Tuition Fees at the Polish-Japanese Academy of Information Technology, hereinafter referred to as the Regulations, are hereby introduced, constituting an annex to this order.

§ 2

1. In matters not regulated by the Fee Regulations, the provisions of generally applicable law shall apply, including the provisions of the Act of 20 July 2018 - the Law on Higher Education and Science, and the Regulation of the Minister of Science and Higher Education of 27 September 2018 on studies.

2. In the event of any discrepancies between the provisions of this Order and the provisions of generally applicable law, the provisions of this law shall prevail.

§ 3

Students who began their studies in the 2025/2026 academic year or in previous years shall pay fees according to the existing rules, subject to § 4 of this Order.

§ 4

In the event of resumption of studies, a change of field or mode of study, including a change from English-language to Polish-language studies or vice versa, a new contract shall be signed specifying the new, current tuition rates, which may differ from the rates applicable in the original contract. § 5

These fee regulations come into effect on the date of their adoption, with effect for those commencing their studies in the 2026/2027 academic year.

## FEES REGULATIONS FOR FIRST-CYCLE AND SECOND-CYCLE STUDIES

### Chapter I GENERAL PROVISIONS

#### § 1

1. Studies at the Polish-Japanese Academy of Information Technology, hereinafter referred to as PJATK or the University, are subject to a fee.
2. These regulations specify the types of fees and the rules for their payment by Students and Candidates.
3. The fees, payment schedule, and list of additional fees are determined for each enrollment by the Chancellor in the table of tuition fees for students beginning their studies in a given year and the amount of additional fees, which constitutes Appendix 1 to these Regulations (hereinafter referred to as the Fee Table).
4. All fees are to be paid by bank transfer to the Student's individual account generated during online registration, within the time specified in the contract concluded by the Student with the University (hereinafter referred to as the Contract). The date of payment is considered the date the funds are credited to the Student's individual account.
5. The amount of fees, including tuition fees, in the amount established for a given field of study, the payment schedule, and the list of additional fees are confirmed in the Contract and are valid until the completion of studies, subject to § 3, section 1.

### Chapter II Tuition Fees

#### § 2

1. Whenever these Regulations refer to tuition fees, this shall be understood as the provision of educational services related to education in full-time and part-time studies.
2. Detailed rules and schedule for payment of tuition fees are confirmed in the Contract.

3. Tuition fees do not include fees for textbooks and other study materials, nor the costs of duplicating materials. Tuition fees also do not include the costs of supplementary education resulting from reasons outside the curriculum (illness, negligence, poor exam results, lack of talent, etc.).
4. The tuition fee does not include fees for paying tuition fees via the PayU platform using online transfer, payment card, or BLIK. All transaction costs, including the payment provider's commission, are borne by the payer. Additional costs are charged in accordance with the payment provider's tariff and may vary depending on the selected payment method.
5. Detailed information on fees is available at the collection office. Making a payment via PayU constitutes acceptance of the above terms by the payer.
6. If payments are made from an account held in a currency other than the Polish złoty, all transfer costs, including currency conversion to the Polish złoty, are borne by the payer. Failure to pay the full amount is considered arrears in payments to PJATK.
7. The tuition fee includes the Student's personal accident insurance (NNW) and third party liability insurance (OC). The tuition fee does not include the costs of other insurance or costs related to cultural and sports activities, even when such activities are organized by PJATK or on PJATK premises.
8. Decisions in individual cases regarding tuition fee reductions in situations not covered by the Regulations are made by the Rector.

### **Chapter III**

#### **RESUMING STUDIES, REPEATING A SUBJECT, REPEATING A SEMESTER, CHANGING THE MODE OF STUDY, INCLUDING THE LANGUAGE PATH OF STUDY OR FIELD OF STUDY, LEAVE OF ACTION, NEXT SPECIALIZATION, CURRICULUM DIFFERENCES, OPTIONAL SUBJECTS**

#### **§ 3**

1. In the event of resuming studies, repeating a year, changing the field of study or mode of study, including changing studies from English to Polish or vice versa, a new Contract is signed specifying the new, current tuition rates, which may differ from the rates applicable in the original Contract.
2. A student may submit an application to resume studies only after prior settlement with the University. This student is entitled to a discount on tuition fees in connection with making a semester payment, provided that the deadline specified in the Contract is met.
3. If a leave of absence is granted, the student is obligated to pay the tuition fee in proportion to the period of study used.

4. A student beginning studies in a new specialization, making up for curriculum differences, changing the mode of study (including changing from English to Polish or vice versa), changing their field of study, taking optional subjects, or repeating a subject shall pay the applicable tuition fee and an additional fee indicated in the Table of Fees.
5. In the event of being directed to repeat a semester and returning from leave during the semester, the full fee for the entire semester applies.
6. Students pay fees for repeating specific classes (subjects) due to unsatisfactory academic performance.
7. The decision regarding the obligation to pay fees for repeated subjects is made by the Dean of the relevant faculty.
8. Fees for repeated courses are due by the 5th of the month, in accordance with the tuition fee payment deadlines.

#### **Chapter IV**

#### **RULES FOR CALCULATION OF DISCOUNTS**

#### **§ 4**

1. The Rector grants tuition fee reductions based on academic performance.
2. The reduction is granted:
  - 1) after each completed semester to students who have achieved a 5.0 semester average and have passed all required coursework (classes and lectures);
  - 2) for a period of one semester and consists of a 20% tuition fee reduction;
  - 3) automatically based on academic performance (no application required by the student).
3. The student will be notified of the reduction via email.
4. Tuition fee reduction for studying siblings or spouses:
  - 1) may be granted to siblings or spouses studying at the same time, based on an application submitted by each student;
  - 2) the reduction is 25% for each eligible student;
  - 3) applies only if each eligible person pays tuition;
  - 4) A change in the "ITN only" program for one eligible person, going on sick leave/dean's leave, or losing student status deprives that person and the other eligible persons of the right to a reduction;
  - 5) The reduction is granted for one semester. After this period, the application must be renewed to maintain the reduction;
  - 6) does not apply if one or more eligible persons are enrolled in postgraduate studies.
5. The reduction for studying more than one field of study simultaneously:
  - 1) applies to students who undertake a second field of study at PJAIT;
  - 2) requires the submission of an application for a reduction;
  - 3) The reduction is set at 50% of the lower tuition fee;
  - 4) The reduction is granted for one semester. After this period, the application must be renewed to maintain the reduction;
  - 5) does not apply to postgraduate studies.

6. PJAiT covers up to 50% of the cost of a student's stay at the Faculty of New Media Arts during the mandatory outdoor workshop. The remaining costs, including travel to the outdoor workshop, are the student's responsibility.

7. Students are entitled to a 2% discount for paying the tuition fee for the entire semester in advance.

8. Regardless of the discount specified in section 7 of this paragraph, only students who begin their first-cycle studies in the first semester of studies may be entitled to discounts, in the amounts and under the terms specified in Appendix No. 4.

9. Graduates of the Academic High School at PJAiT (ALO) may take advantage of additional discounts, which are specified in Appendix No. 3 to the Regulations.

10. The principles for calculating discounts for individual fields of study are specified in Appendix No. 2 to the Regulations.

## Chapter V

### TUI FEE INDEXATION

#### § 5

1. The tuition fee consists of a fixed amount for a given year of studies, expressed in Polish zloty, which, starting from the second year of study, will be increased in the event of inflation, and decreased in the event of deflation, by the Consumer Price Index for the previous year, as announced by the President of the Central Statistical Office. Details regarding the variable portion of the tuition fee are specified in paragraphs 3-7 of this section.

2. Payments should be made to the individual student account generated during registration in the university's online system.

3. Due to the change in the tuition fee referred to in paragraph 1 of this paragraph, The Student has the right to withdraw from the Contract within 14 days from the date of publication of information concerning the variable portion of the tuition fee in the Public Information Bulletin on the PJATK website. Withdrawal must be in writing for it to be effective.

4. The change in the tuition fee amount referred to in § 1 of this paragraph does not require written form. The University will notify students of any change in the tuition fee amount by publishing a regulation on fee indexation in the PJATK Public Information Bulletin by June 30th.

5. The withdrawal referred to in § 3 of this paragraph takes effect ex nunc, i.e., from the date of withdrawal.

6. In the event of indexation in subsequent years, the tuition and other fees applicable in the previous academic year are subject to indexation, i.e., the tuition and other fees indexed the previous year.

7. The new, indexed fees, including tuition fees, are effective from the new academic year following the semester in which the indexed fees were announced, meaning that all fees due on or after September 5th of the year in which the indexation clause was announced, as well as those relating to fees related to the new academic year, are subject to indexation.

**Appendix No 3 to the Regulations on study fees - Discount for graduates of the Academic High School at PJAIT**

Graduates of the Academic High School at PJAIT, who are starting their first programme at the Polish-Japanese Academy of Information Technology shall be granted a one-off tuition fee discount in the amount of PLN 1000.

The discount is only available for Bachelor's degree studies and is calculated on the first instalment of tuition fees.

**Appendix No 4 to the Regulations on study fees - tuition fee discounts for students starting their Bachelor's degree programme, granted on the basis of the results on the secondary school leaving certificate in the academic year 2025/2026**

1. The discounts are only available to students who are starting their first programme at PJAiT, from the 1<sup>st</sup> semester of the Bachelor's degree studies
2. The discount is granted for the first semester only.
3. The level of discounts is uniform for the entire University - the headquarters in Warsaw and the branch office in Gdansk.
4. The discounts are granted only on the basis of the Polish secondary school leaving certificate or the International Baccalaureate Diploma (IB).

**FACULTY OF COMPUTER SCIENCE**

Bachelor's degree studies: full-time, part-time

**10% reduction in tuition fees**

Winners of mathematics, computer science and physics Olympiads

**5% reduction in tuition fees**

Polish secondary school final exam (matura)

secondary school final exam - advanced level score of 90%  
and more old secondary school final exam: a "very good"  
grade (5)

obtained in the written part of the MATHEMATICS or COMPUTER SCIENCE or PHYSICS exam

**5% reduction in  
tuition fees IB**

High Level: grade 7

obtained in a MATHEMATICS OR COMPUTER SCIENCE or PHYSICS EXAM
